

A FRIEND IN NEED

©1995 Polished Arrow Publishing Brenda Geneau

I've got a friend in need
He's so much in need of You
His heart has been broken, broken in two
And only You can heal him
So I'm asking You Lord
To open his eyes to all the love You can give
Let him fall on his knees
Before You please and
Lead him to the cross
Lead him to the cross

I've got a friend in need
She's so much in need of You
She suffered such pain
Deep within that only You can heal
So I'm asking You Lord to open her eyes
To all the love You can give
Let her fall on her knees
Before You please
And lead her to the cross
Lead her to the cross

Well at Jesus' feet
We can find peace of mind
And healing for our pain
So if you've got a friend
A friend in need
Lead them to the cross
Lead them to the cross
Lead them to the cross
Lead them to the cross
