

HIS LOVE NEVER DIES

©1995 Polished Arrow Publishing Brenda Geneau

You seem so lonely
Too weary to cope
Your eyes tell a story
Of a man without hope
You left the road to glory
To find the road to fame
But your search brought you nothing
But a life time of pain

He's waiting there for you
With His arms open wide
Just reach out to Jesus
His love never dies

As you think of your childhood
And the faith you had back then
You remember the first time
You gave your heart to Him
You made your own choices
No one else to blame
But in Him there's forgiveness
There's no need for the shame

He's waiting there for you
With His arms open wide
Just reach out to Jesus
His love never dies
Just reach out to Jesus
His love never dies
