

THE WAY GOD SEES ME

©1995 Polished Arrow Publishing Brenda Geneau

Long before He formed me in my mother's womb
He knew me and approved of me no doubt He'd be my groom
His way for me is holy but through the fall of man
I was blinded to the truth of life and could not see his plan

So one night kneeling by my bed I cried out to Him
And asked to be forgiven and delivered from my sin
That night He came into my life and gave me eyes to see
Now through His Word I've found the plan that He has made for me

So I started to see myself the way God sees me
A gentle spirit and a humble heart
He has filled me with His love now I've found victory
Cause I started to see myself the way God sees me

Now I look back on my life to see how far I've run
Only by the grace of God could I overcome
All the trials and temptations all the mountains and hills
Are nothing but stepping stones to help me do His will

So I started to see myself the way God sees me
A gentle spirit and a humble heart
He has filled me with His love now I've found victory
Cause I started to see myself the way God sees me
